**Urban Water Use Efficiency Resource Management Strategy**

12/9/2003

| Commentor                         | Date of Comment | Draft Date | Chapter &Section | Comment   | Response   |
|-----------------------------------|-----------------|------------|------------------|---|--|
| Business Caucus                   | 11/5/2003       | 9/30/2003  | 5 Urban WC       | delete 'minimal or no irrigation'   | x  |
| CLCA et al                        | 10/9/2003       | 9/30/2003  | 5 Urban WC       | delete 'minimal or no irrigation'   | x  |
| Urban Caucus<br>(CUWA et al)      | 10/15/2003      | 9/30/2003  | 5 Urban WC       | recognize 'real world challenges' to implementation                               | x  |
| Urban Caucus                      | 10/15/2003      | 9/30/2003  | 5 Urban WC       | conduct sci. peer review of water savings potential                               | DWR will participate in peer review of data presented in WPU, including PI's   |
| Urban Caucus                      | 10/15/2003      | 9/30/2003  | 5 Urban WC       | delete 'proven' technologies  | x  |
| Urban Caucus                      | 10/15/2003      | 9/30/2003  | 5 Urban WC       | objects to San Diego example  | y- example approved by SDCWA, seems appropriate  |
| Urban Caucus                      | 10/15/2003      | 9/30/2003  | 5 Urban WC       | objects to 'easy and affordable'  | x  |
| Urban Caucus                      | 10/15/2003      | 9/30/2003  | 5 Urban WC       | maximization or cost effective measures?  | In the present scheme, local agencies are responsible for investing in WUE when locally cost effective. Other funding sources are often available for others. In the future, more actions may be cost effective because of lower costs and higher prices of water. |
| ACWA                              | 11/18/2003      | 9/30/2003  | 5 Urban WC       | questions CALFED #s   | y- see CALFED WUE Tech Appendix, p5-47   |
| ACWA                              | 11/18/2003      | 9/30/2003  | 5 Urban WC       | wants peer review of PI report  | DWR will participate in peer review of data presented in WPU, including PI's   |
| Irrigation Assoc.                 | 10/17/2003      | 9/30/2003  | 5 Urban WC       | delete 'minimal or no irrigation'   | x  |
| BIA, BPA, Chamb<br>of Comm., CLCA | 11/5/2003       | 9/30/2003  | 5 Urban WC       | don't need 'water element' in general plan  | y- respectfully disagree, guidance for local planning agencies related to water could be very helpful  |
| J Lindquist                       | 10/17/2003      | 9/30/2003  | 5 Urban WC       | discuss potential water conserv.<br>neg. impact on wastewater quality and quality | x  |
